

Cleveland Model Railway Club is Moving

Despite continuing discussions over the past eighteen months we have been unable to secure a fair and enduring agreement from the Parish Church Council of St. Aiden's Church, Boosbeck for our continued use of The Miners Institute. Although we will be sad to leave this historic old building and the local community, who have been very supportive over the last 14 years, we have secured a long term arrangement to rent more modern, spacious and suitable premises not too far away at: The Hive Business Centre Skelton Industrial Estate, Skelton-in-Cleveland, Saltburn-by-the-Sea, TS12 2LQ, a map to the Hive Centre is below.

The Club will be fully established in its' new premises by 1st July 2011. Located in a 2200 square foot unit within the complex we will have full use throughout the year. This gives us much more flexibility as a club, which presently meets on Tuesday and Thursday evenings, to be able to offer other days to suit new members who may have been unable to attend on these nights previously.

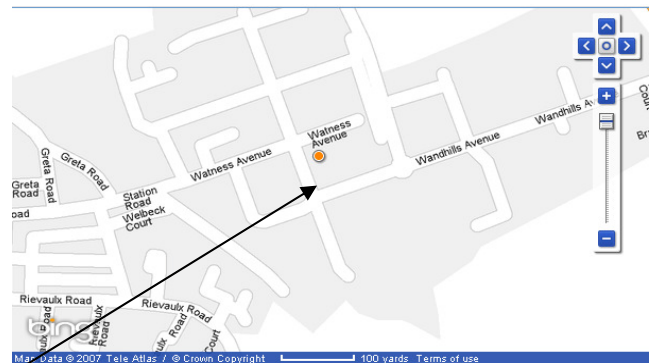

The complex has disabled access and includes all the usual facilities with ample parking adjacent, a Bistro and even a Gymnasium.
